UW FULL SPECTRUM OF HEART FAILURE THERAPY: Optimizing Outcomes

October 18-19, 2019

Four Seasons Hotel Seattle | Seattle, WA

The 6th Annual Full Spectrum of Heart Failure Therapy conference offers a comprehensive review of the management of heart failure. The program will include didactics, case discussions and debates.

Program Highlights:

- Addressing the Heart Failure Continuum
- Heart Failure Innovations
- Opportunities for Improvement in Heart Failure Management
- Multidisciplinary Approach to Optimize Heart Failure Patients
- Acute Heart Failure Management
- General Heart Failure Management

ACCREDITATION INFORMATION

TARGET AUDIENCE

This course is directed to cardiologists, primary care providers, advanced care practitioners, intensivists, hospitalists, fellows and residents, palliative care, nurses, pharmacists, cardiac rehabilitation, other allied health professionals.

LEARNING OBJECTIVES

Upon completion of this activity, attendees should be able to:

1. Describe the epidemiology of heart failure of varying types and severity
2. Explain the medical and surgical management of heart failure
3. Discuss the results of recent clinical trials
4. Employ new technology and innovations for heart failure treatment

ACCREDITATION

The University of Washington School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation

The University of Washington School of Medicine designates this live activity for a maximum of 11.75 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
