

## 6th Annual Full Spectrum of Heart Failure Therapy

October 18-19, 2019

### DISCLOSURE INFORMATION

The University of Washington School of Medicine endorses the Standards of the Accreditation Council for Continuing Medical Education and the guidelines of the Association of American Colleges that the sponsors of continuing medical education activities and the planners and speakers at these activities disclose significant relationships with commercial companies whose products or services are discussed in educational presentations. Significant relationships include receiving from a commercial company research grants, consultancies, honoraria and travel, or other benefits or having a self-managed equity interest in a company. Disclosure of a relationship is not intended to suggest or condone bias in any presentation, but is made to provide participants with information that might be of potential importance to their evaluation of a presentation. The ACCME defines a commercial interest as "any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients."

The University of Washington School of Medicine, as part of its accreditation from the Accreditation Council on Continuing Medical Education (ACCME), is required to "resolve" any reported conflicts of interest prior to the educational program. Therefore, in light of the relationships/affiliations designated, each speaker/planner/author/reviewer has attested:

1. that these relationships/affiliations will not bias or otherwise influence their involvement in the program
2. that practice recommendations given relevant to the companies with whom they have relationships/affiliations will be supported by the best available evidence or, absent evidence, will be consistent with generally accepted medical practice
3. that all reasonable clinical alternatives will be discussed when making practice recommendations
4. all scientific research referred to, reported or used in support or justification of a patient care recommendation will confirm to the generally accepted standards of experimental design, data collection and analysis.

The following have disclosed the described relationships:

#### **Role**

#### **Description of Relationship**

#### **Planners/Speakers**

The following have indicated they do not have any relationships to disclose:

**Medical Writer**

Joely Johnson Mork

**(Planner/Speaker)**

Jason Bjelkengren, BSN, RN

**Speaker**

Nazem Akoum, MD, FACC

Nayan Arora, MD

Yonatan Buber, MD

Richard Cheng, MD, FACC

Todd Dardas, MD

James Fausto, MD

Kevin Koomalshingh, MD

Song Li, MD

Shin Lin, MD

Burkhard Mackensen, MD, PhD, FASE

James McCabe, MD, FACC

Miko Mergens, MSW, LICSW

Alec Moorman, MD, FACC

Gautam S. Nayak, MD, FACC

Kevin D. O'Brien, MD

David S. Owens, MD

Brendan Riordan, PA

Thomas Soeprono, MD

Pingping Song, MD

April Stempien-Otero, MD

Jason Tran, MSW

Lisa Wiederspan, BSN

Leah Wong, MN, RN
